PRESENTERS

A. Karim Ahmed, Ph.D -- President, Global Children's Environmental Health Fund

David Blockstein, Ph.D -- Senior Scientist, National Council for Science and the Environment

The National Council for Science and the Environment (NCSE) has a mission to improve the scientific basis for environmental decisionmaking. NCSE is supported by nearly 500 organizations, including universities, scientific societies, government associations, businesses and chambers of commerce, and environmental and other civic organizations. The report will be made available at www.NCSEonline.org/conference beginning at 3:00 p.m. on May 22. For written copies contact Conference@NCSEonline.org
